The Registrar's Office is responsible for maintaining the accuracy and integrity of all student academic records such as transcripts, enrollment verifications, and degree certifications.

The Registrar's Office also:

- Records academic-related information such as students’ majors, minors, concentrations, and tracks.
- Ensures students meet graduation requirements.
- Maintains course data and the University Academic Catalog.

**CUWeb**

The Registrar’s Office operates and maintains the [CUWeb](#) product, which allows all current Clark
students to register online for classes each semester; view unofficial transcripts, class schedules, grades, and biographic and financial information; and make payments via electronic check to their Clark student accounts.
